

CAMP BASHORE SPOOKTACULAR

HAUNTED TRAIL WEEKEND

October 28-30, 2011

Boy Scout Troops & Venture Crews!

Here are some details about the weekend that you may be interested in.:

- € All normal rules and standards for weekend camping will apply. Units are responsible for their accommodations and meals— whether tenting, renting a cabin, or Adirondack shelters. Troops that are hosting a Webelos Den overnight are reminded of BALOO standards
- € Trick-Or-Treat items, props, decorations, and costumes are optional and at the financial discretion of the units participating. If you need power to operate your station— be prepared with batteries, generators, candles, lanterns— whatever.
- € Please do not plan anything too gory or graphic— remember your audience! Also— keep in mind we don't want to injure (physically or psychologically) any of our guests. Event Staff reserves the right to disallow inappropriate material / content of the stations.
- € An orientation meeting will be held on Saturday morning of the event to review each of your plans, and to make trail assignments. If you have any questions, special needs / requests, or are in doubt about the appropriateness of your material, please call Dave Matterness in advance of the weekend to avoid any disappointment.
- € In addition to Haunting the Barn, Dining Hall and Trails, we're planning to add a Hayride Loop through lower camp that should help alleviate long lines at the beginning of the trail. We'll need some additional help this year to pull that portion off. We'll need people to spook the trail by hiding in the woods. There will be several spots where we'll slow down or stop—no time for overly detailed scenes, just costumed ghouls, zombies, pirates, etc... to jump out at or onto the wagon.
- € Pre-Register on-line at www.campbashore.org (follow the upcoming events link) additional details will be forwarded via e-mail.

QUESTIONS? Contact Event Chairman Ranger Dave Matterness at (717) 865-4583
Or e-mail at rangerdave@campbashore.org for additional information.

This Event Sponsored by Venture Crew 2 / Camp Bashore Staff
